4-1-1. Authority. - This ordinance is adopted pursuant to and in accordance with the authority vested in the City Council of the City of Lander, Wyoming by the statutes of the State of Wyoming, Sections 15-601 through 15-1-611 and Section 10-5-301 through 10-5-306, 1977 as amended.

4-2-1. Purpose. - These regulations have been made in accordance with the policies and recommendations set forth in a duly adopted comprehensive plan and have been enacted with the following purposes in mind:

- (a) to lessen congestion in the streets by coordinating land use with transportation policies;
- (b) to secure safety from fire, floods and other hazards;
- (c) to provide adequate light and air for urban dwellers;
- (d) to promote the most appropriate use of land to insure orderly growth and to prevent overcrowding;
- (e) to allow for the adequate provision of needed public facilities to serve present and future populations;
- (f) to conserve the value of buildings and lands by insuring a compatible

- (g) arrangement of land uses; and
- (g) to otherwise promote the public health and general welfare of the community.

4-2-2. Application. -

- (a) After the effective date of these regulations, no land shall be used or occupied and no structure shall be erected, altered, used or occupied except in conformance with the provisions of these regulations.
- (b) These regulations shall apply to all private lands within the corporate limits of the City of Lander, Wyoming, as they may from time to time be amended, and to all public lands within the same area that are legally subject to these provisions.
- (c) The existence of restrictive covenants or agreements shall not be a substitute for these zoning regulations.
- (d) When higher or more restrictive standards are established by the provisions of any other applicable statute, resolution or regulations, the provision of such other statutes, resolution or regulations shall apply.
- (e) No person, firm or corporation and no officer or employee thereof shall knowingly sell, rent, or lease or offer to sell, rent or lease any land or structure for any use of purpose contrary to the provisions of this ordinance.

4-3-1. District Classifications. - In order to effectively carry out the provisions of these regulations the lands within the corporate limits of the City of Lander shall be divided into the following zoning districts:

- (a) A - Agricultural District;
- (c) R-1 Single Family Residential District;
- (d) R-2 Single Family and Two-Family Residential District;
- (e) R-3 Single Family and Multi-Family Residential District;
- (f) R-4 Mobile Home District;
- (g) R-5 Multi-Family Residential District;
- (h) R-MED - Single Family, Multi-Family Residential and Medical Services District;
- (i) C - General Commercial District;
- (j) M-I Manufacturing and Light Industrial District;
- (k) PL Public Lands District.

4-3-2. District Zoning Map. -

- (a) The boundaries of these Zoning Districts are hereby established as shown on a map entitled "District Zoning Map, Lander, Wyoming." This map, and all official amendments thereto, are hereby declared to be part of this ordinance.

- (b) The City Clerk shall maintain the District Zoning Map to accurately represent the zoning district and classifications created by ordinance. The map shall constitute prima facie evidence of district boundaries.
- (c) Unless otherwise defined, district boundary lines are intended to be lot lines; the center line of streets, alleys, channelized waterways or other similar rights-of-ways; the center line of blocks; section or township lines; municipal corporate lines; the center line of streambeds or other line dimensions or drawn to scale on the District Zoning Map.
- (d) It is the intent of this ordinance that all lands lying within the corporate boundaries shall be within one of the enumerated zoning districts. If any such land is determined not to be within one of the enumerated districts for whatever reason or cause, then no permits shall be issued for the use of the land or for the erection or alteration of any structures on the land until the area has been examined by the City Council and zoning classification has been established within a reasonable period of time.
- (e) All territory which shall hereafter be annexed to the City of Lander shall be in the R-1, Single Family Residential District unless otherwise designated by the City Council, as a part of the annexation and zoning process. Such a zone district classification, once established, may be amended pursuant to the procedures established by this ordinance.

4-4-1. Administering and Enforcement Agency. - Except where otherwise provided, the Department of Planning shall be responsible for the general interpretation, enforcement and implementation of this Title 4 and shall have the power to issue orders and file complaints to effect such enforcement. It shall be the responsibility of the Department of Planning to issue a Certificate of Zoning Compliance to all pre-existing, legal, nonconforming uses, structures and lots stating the date upon which such was established or acquired, and to prepare an inventory and map of the same.

4-4-2. Violations and Remedies. -

- (a) No person shall locate, erect, construct, reconstruct, enlarge, change, maintain, or use any building or use any land in violation of this ordinance.
- (b) The Department of Planning shall order in writing the remediation of any violation. Such order shall state the nature of the violation, the ordinance provision violated, and the time by which the violation must be corrected. After any such order has been served, no work shall proceed on any structure or tract of land covered by such an order except to correct such violation or to comply with the order.
- (c) This ordinance shall be enforceable, in addition to the other remedies provided by law, by injunction, mandamus, or proceedings in abatement. Appeals from judgments rendered in any action instituted to enforce this ordinance shall be permitted and shall be in accordance with the general appeal provisions of Wyoming Rules of Civil Procedure.
- (d) Persons or corporations convicted of violations of this ordinance shall be

fined not more than \$100.00 for each offense. Each day of a continuing violation of this Title shall be deemed a separate offense. (*Section 4-4-2 was amended by Ordinance 730, effective 6-14-82.*)

4-4-3. Appeals. -

- (a) Any order or decision of the Department of Planning may be appealed to the Board of Adjustment by any person or agency affected by any such order or decision. Any such appeal shall be filed within 30 days from the date of the action appealed from by filing a written notice of appeal specifying the grounds for the appeal with the Department of Planning. Forms shall be provided for this purpose by the Department of Planning. Upon receipt of a notice of appeal, the Department of Planning shall transmit to the Board of Adjustment the notice of appeal and all of the original documents, or true copies thereof, constituting the record upon which the action being appealed from was filed.
- (b) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the Department of Planning certifies to the Board of Adjustment after notice of appeal has been filed that by reason of facts stated in the certificate a stay would cause imminent peril to life or property. The Board of Adjustment after receipt of the certificate and after a public hearing may allow the original order or decision to stand or the Board of Adjustment may stay the original order or decision appealed. If the Board reaffirms the order or decision of the Department of Planning, proceedings shall not be stayed except by a restraining order which may be granted by a court of record after giving due notice to the Department of Planning.

4-5-1 – Board of Adjustment – A Board of Adjustment consisting of the Lander Planning Commission is hereby created in accordance with W.S. 15-1-605. The Board of Adjustment shall adopt rules and regulations necessary to the conduct of its function which are consistent with the ordinance and state law. A copy of such rules shall be kept on file by the City Clerk for public inspection.

4-5-2. Board of Adjustment - Powers and Jurisdiction. - The Board of Adjustment has the following powers and jurisdiction:

- (a) To hear and decide appeals where it is alleged there is error of law in any order, requirement, decision or determination made by the Department of Planning in the enforcement of this ordinance.
- (b) To interpret the provisions of this ordinance in such a way so as to further the intent and purposes of the recommendations and policies of the duly adopted Comprehensive Plan.
- (c) To authorize, upon appeal, such variances from the terms of this ordinance as will not be contrary to the public interest whenever a property owner can

show that the strict application of any of the requirements of this ordinance would result in practical difficulty or unnecessary hardship that would deprive him of the reasonable use of his land or structure when compared to other land or structures similarly situated.

- (d) To authorize upon appeal and in specific cases, an increase in non-conforming uses, structures and lots pursuant to ordinance 4-11-1 and subject to terms and conditions fixed by the Board.
- (e) To hear and decide on conditional use permits, where such uses would not be appropriate in the designated area unless controlled as to number, area and location, subject to terms and conditions fixed by the Board.
- (f) Subject to the limitations set forth in this Section, the Board, by majority vote (of the Board) may reverse, affirm or modify the order, requirement, decision or determination appealed from and relating to this ordinance and may make such order, decision or requirements as ought to be made, and to that end, the Board shall have all of the powers of the official or agency appealed from. The Board may also attach conditions to a decision.

4-5-3. Board of Adjustment – Variances –

- (a) The Board of Adjustment may authorize, upon request, such variances from the terms of this ordinance as shall not be contrary to the public interest.
- (b) The purpose of any variance shall be to modify the strict application of the requirements of this ordinance where it can be shown that, by reason of exceptional topography or other extraordinary or exceptional circumstances, literal enforcement of the terms of this ordinance will result in an unnecessary hardship to the extent that the property might be prohibited from being used in a manner similar to other property in the same district.
- (c) Each variance authorized shall not be personal to the applicant but shall apply to a specific use or structure and shall run with the land. No variance shall be authorized unless the Board shall find that all of the following conditions exist.
 - (i) That the variance will not authorize a permitted use other than those specifically enumerated in the zoning district in which the variance is sought;
 - (ii) That owing to extraordinary circumstances, literal enforcement of the provisions of this ordinance will result in unnecessary hardship;
 - (iii) That the extraordinary circumstances were not created by the owner of the property and do not represent a general condition of the district in which the property is located;
 - (iv) That the variance, if granted, will not substantially or permanently injure any adjacent, conforming property;
 - (v) That the variance will not alter the character of the district in which it is located;
 - (vi) That the variance, if granted, is the minimum variance and the least

- modification that will afford the relief sought; and
- (vii) That the variance will be in harmony with the spirit of this ordinance and will not adversely affect the public health, safety or welfare.

4-5-4. Rules for Proceeding Before the Board of Adjustment and Variances. -

- (a) Appeals to the Board of Adjustment may be filed by any person aggrieved by any officer, department or agency of the City affected by any decision of the Department of Planning. Such appeal shall be made in writing on forms provided by the Department of Planning and shall be filed within 30 days from the date of the action appealed from.
- (b) Decisions of the Board of Adjustment in regard to appeals from an order or decision of any agency or official or in regard to variances from the provisions of the zoning ordinance shall be reached only after a public hearing. The Board shall fix a reasonable time and place for the hearing and shall proceed in accordance with the following rules:
 - (i) Public notice shall be given of all hearings. Public notice shall consist of one publication of a notice by the City in a newspaper of general circulation at least 15 days prior to the hearing and a public notice mailed to the property owners within 400 feet of the premises. The newspaper notice shall identify the applicant, shall briefly state the nature of the appeal or the variance sought and shall give the date, time and place of the hearing. All hearings shall be open to the public.
 - (ii) At any public hearing, any interested party may appear in person or be represented by an agent or attorney and, after being duly sworn, may offer evidence and testimony and cross examine witnesses.
 - (iii) All witnesses shall be sworn or shall affirm their testimony in the manner required in courts of record.
 - (iv) All testimony and evidence shall be presented publicly.
 - (v) The Board shall keep a record of the proceedings for each matter heard which shall be kept on file and copies made available to any party at cost. The record of proceedings may include documents and physical evidence considered in the case.
 - (vi) The Board shall render a written decision on each case heard within 30 days of the hearing. Each decision must be accompanied by reasons therefore, and based on findings of fact. The record shall show the grounds for each decision and the vote of each member upon each question. The record of proceedings shall be public record. In addition to this record of proceedings, the Board shall cause a description of each variance granted, to be filed with the title of the affected property. The description shall include the nature of the variance, any time limitations and any special conditions imposed by the Board.

4-6-1. Conditional Uses. -

- (a) Conditional uses are those that would not be appropriate in the designated area unless controlled as to number, area, and location, and include those set out in the Schedule of Zoning District provided by ordinance. Application for a conditional use permit shall be made to the Board of Adjustment and shall include any information the Board may require.
- (b) Public notice shall be given of all hearings. Public notice shall consist of one publication of a notice by the City in a newspaper of general circulation at least 15 days prior to the hearing and a public notice mailed to the property owners within 400 feet of the premises.
- (c) The conditional use permit shall be granted only if after the hearing, the Board finds that the use will be compatible with the character of the area and will not adversely affect the public interest.
- (d) The Board may subject conditional use permits to such conditions as it may deem necessary to preserve and protect the character of the area and the safety of the public. The subsequent violation of any condition shall be deemed a violation of this ordinance as well as grounds for revocation of the permit.
- (e) If the petition protesting the proposed use and signed by 40% or more of the property owners within 400 feet of the premises is presented to the Board before a decision is reached, then the permit shall not be granted without the affirmative vote of three-fourths of all the Board members or the unanimous vote of those attending the hearing.

4-7-1. City Planning Commission - Creation. -

- (a) A Planning Commission for the City of Lander of seven members is established in accordance with Wyoming Statutes Section 15-1-502 (1977) as the same now exists or may hereafter be amended. Members shall be representative of different occupations and appointed without respect to political affiliation by the Mayor, with the advice and consent of the Council. The term of each member shall be four years.
- (b) The Planning Commission shall adopt rules and regulations necessary to the conduct of its functions which are consistent with this ordinance and state law. Such rules and regulations shall be subject to approval by the Council and a copy of the same shall be kept on file by the City Clerk for public inspection.

4-7-2. Planning Commission - Powers and Jurisdiction. - The Planning Commission has the following powers and jurisdiction:

- (a) To hear and make recommendations to the City Council on rezoning applications insuring that the application is consistent with the adopted Comprehensive Plan.

- (b) To hear and make recommendations to the City Council on proposed changes to the language of this ordinance.
- (c) To review and recommend to the City Council approval or denial of subdivision plats, both those of which that are within the corporate limits of the City as well as those that are within one mile of said corporate limits.
- (d) To review and recommend to the City Council approval or denial of annexation requests.
- (e) To review and if in compliance, approve Development Plans and Planned Unit Developments.
- (f) To review and recommend to the City Council approval or denial of requests for water and/or sewer outside City limits.

4-8-1. Amendment Procedures - Statement of Policy. - It is the intent of the City of Lander that these regulations, which include this ordinance and the District Zoning Map, have been established for the purpose of promoting sound and desirable development and for maintaining stable land use patterns. In harmony with this purpose, the ordinance and map shall not be amended except to (1) correct an obvious error or oversight in the regulations, or (2) to recognize the promotion of the public health, safety and general welfare. In conformity with this statement of policy, the City Council and the Department of Planning may initiate amendments, or any person, firm or corporation may initiate amendments in the manner hereinafter set forth.

4-8-2. Amendment - Type and How Made. - Amendments shall be of two types:

- (a) language amendments which seek to change the wording of the zoning ordinance; and
- (b) map amendments which seek to change the district boundary lines on the District Zoning Map.

4-8-3. Amendments - Applications. - Applications for amendments of either type shall be made to the Department of Planning. The application shall include among other things:

- (a) the name and address of the applicant;
- (b) the applicant's interest in the application, i.e., whether owner of land or structure affected, or agent;
- (c) the name and address of any other interested parties such as owner or developer;
- (d) the nature and effect of the proposed amendments; and
- (e) a statement of the legal basis for such an amendment whether to correct an error or to recognize changing conditions.

4-8-4. Amendments - Zoning Map. - Amendments to the District Zoning Map shall, in addition, include:

- (a) a legal description and a map of the area sought to be rezoned. The map shall

- (b) show the relationship of the property to abutting properties;
- (b) the existing zoning district designation and the proposed district designation; and
- (c) the names and addresses of all owners of land within the area proposed for rezoning and within 400 feet of the outer limits of the area proposed for rezoning.

4-8-5. Public Hearing. -

- (a) The City Council shall hold a public hearing on all amendments to this ordinance and to the District Zoning Map at which all interested parties shall have an opportunity to be heard. Notice of the time and place of the public hearing and the nature of the amendments sought shall be given by one publication in a newspaper of general circulation in the City at least 15 days before the date of such hearing and a public notice mailed to the property owners within 400 feet of the premises. After the public hearing which also constitutes the first reading of the amendment, the City Council shall conduct two additional readings of the amendment when the Council is able to take action, provided the proposed amendment receives an affirmative vote.
- (b) Prior to the advertised public hearing before the City Council, the Planning Commission shall review any proposed amendments to this ordinance or to the District Zoning Map and after due deliberation, shall certify its findings and recommendations to the City Council in writing.
- (c) No zoning amendments shall be considered by the Council until after the Planning Commission has reviewed it and the Commission has forwarded its findings and the recommendations to the Council. In its deliberations on zoning matters before it, the Council shall take into consideration any evidence and material available to it, comments of public agencies and the findings and recommendations of the Planning Commission. No zoning change shall be put into effect unless a majority of the Council votes in favor of its adoption.
- (d) In the event of a protest to a proposed amendment to the District Zoning Map duly signed and acknowledged by the owners of 20% or more of the area of the lots included within the proposed change, or those immediately adjacent within a distance of 400 feet, the amendment shall not become effective except by the affirmative vote of three-fourths of all the members of the City Council.
- (e) All protests to a proposed amendment to the District Zoning Map, or any withdrawals from such a protest, shall be filed with the Department of Planning at least 24 hours before the time set by notice for the Council meeting at which the proposed amendment will be considered.

4-8-6. Amendments - Limitations on Filing. - No application for the change of a zoning district classification shall be made by a property owner or his agent for any land area which has

been the subject of a public hearing conducted by the City Council within the immediately preceding 12 month period and which hearing resulted in a rejection of the proposed zoning. This limitation shall not apply to land for which a different zoning classification is sought than the one rejected by the Council.

4-9-1. Subdivision - Approval Required; Exception. -

- (a) No person shall subdivide any lot or tract of land into more than two parts without first obtaining the approval of the City Council. This section shall pertain to areas within one mile of the City as provided by Wyoming Statutes Section 18-5-308. The Council may grant approval subject to conditions, including installation of necessary public improvements which are consistent with the Title and any failure to comply with such conditions shall be a violation of this Section.
- (b) This Section shall not apply to conveyances:
 - (i) of cemetery lots;
 - (ii) to any governmental agency;
 - (iii) of small parcels conveyed pursuant to Section 4-11-2; and
 - (iv) of 35 or more acres.

4-9-2. Subdivision - Procedure and Standards. - Application shall be made to the Department of Planning in accordance with the rules or procedures adopted by the Planning Commission as provided by Wyoming Statutes, Section 15-1-510. Standards for approval shall be consistent with the City Comprehensive Plan, City of Lander Subdivision Rules and Regulations, good planning practices, and the provision of this Title, and any other applicable rules and regulations.

4-9-3. Subdivision - Submission to Council. -

- (a) Upon full review of an application by the Department of Planning and the Planning Commission, the Commission shall forward the file to the City Council, together with a written report by the Commission setting out its findings together with a recommendation for action.
- (b) No subdivision shall be approved unless it complies with applicable zoning requirements.

4-10-1. Annexations. - All proposed annexations to the City shall be referred to and reviewed by the Planning Commission. The Commission shall review the land with reference to the Comprehensive Plan and make recommendations for zoning at least 30 days prior to the public hearing on the issue of annexation. For purposes of annexation only a developed street shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced so as to provide all-weather driving capabilities with an unobstructed width of not less than 20 feet. This definition does not apply to subdivision rules and regulations of the Lander city code. In the case of

an annexation which does not require a public hearing on the issue of annexation, a public hearing shall be held after 15 days advance notice by publication on the sole issue of zoning. Such zoning decision shall be rendered within 14 days of the hearing.

4-11-1. General Requirements - Non-Conforming Uses and Structures-

- (a) Intent – Within the zoning districts established by this title and amendments that may later be adopted, there exists land and uses of land which were lawful before this title was passed or amended, but which would be affected by the terms of this title of future amendments. Therefore, it is the intent of this title to permit these nonconforming uses to continue. It is further the intent of this title that these nonconforming uses shall not be used as grounds for allowing other uses prohibited elsewhere in the district.
- (b) Any existing structure devoted to a use not permitted by this ordinance in the zone in which it is located shall not be enlarged, extended, constructed, reconstructed, moved or structurally altered except in changing the use of the structure to a use permitted in the zone in which it is located.
- (c) Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption, as defined in section 4-2-2 (a), or amendment of the ordinance, but no such use shall be extended to occupy any land outside such building.
- (d) If no structure alterations are made, any nonconforming use of the structure, or structures and premises, may be changed to another nonconforming use provided that the Board of Adjustment with jurisdiction on the property shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the Board of Adjustment with jurisdiction on the property may require appropriate conditions and safeguards in accordance with the provisions of this chapter. Any proposed change from one nonconforming use to another nonconforming use shall be processed and reviewed in accordance with city code section 4-4-1_
 - 1. The nature and purpose of the existing nonconforming use;
 - 2. The difference in quality and character of the proposed use;
 - 3. The difference in the degree of the use of the proposed use, including but not limited to hours of operation and parking requirements;
 - 4. The reasons for the proposed change; and
 - 5. The overall impact of the proposed use on the surrounding property.
- (e) Any structure, or structures and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district in which such structure(s) is located, and the nonconforming use may not be thereafter resumed.
- (f) When a nonconforming use of a structure, or structures and premises in combination, is discontinued or abandoned for one (1) year or more, the structure, or structures and premises in combination, shall not thereafter be used except in conformance with the regulations of the district in which it is located.

Abandonment shall include, but not be limited to, cessation of the use for one (1) year or more. The owner, occupant or user shall have the burden to show that the structure, lot or use was lawfully established.

- (g) Where nonconforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land. Destruction for the purpose of this subsection is defined as damage to an extent of more than fifty (50) percent of the replacement cost at the time of destruction.

4-11-2. General Requirements - Division of Lots. - No division of any lot may create a lot smaller than the applicable minimum size and dimensions. This shall not apply to small parcels of land transferred between adjacent lot owners, but such parcels may not thereafter be conveyed independently and shall not be considered lots of record.

4-11-3. General Requirements - Zone Lot for Structures. - When several lots of a platted, recorded subdivision is under single ownership, the owner thereof may designate those lots as one zone lot constituting a single parcel of contiguous land. The outside boundaries of the zone lot shall conform to the platted lot lines of the recorded plat.

4-11-4. General Requirements - Home Occupations/Home Business. –

a) Home occupation is defined in City Code 4-13-1 (r). The Department of Planning may issue Home Occupation Permits upon the following conditions:

- (i) Such use shall be conducted entirely within a dwelling unit or accessory building and carried on by the inhabitants living there and no others;
- (ii) Such use shall be clearly incidental and secondary to the use of the dwelling unit for dwelling purposes and shall not change the residential character thereof.
- (iii) The total area used for such purposes shall not exceed twenty (20) percent of the gross floor area of either the dwelling or up to 600 sq ft of an accessory building.
- (iv) There shall be no exterior storage on the premises of material or equipment used as a part of the home occupation.
- (v) There shall be no offensive noise, vibration, smoke, dust odors, heat or glare noticeable at or near the property line.
- (vi) There shall be no traffic generated by the home occupation that would adversely affect the residential character more than would normally be expected in a residential neighborhood.
- (vii) There shall be at least one off-street parking space provided for clientele.
- (viii) No sign shall be allowed except for one non-illuminated name plate attached to the wall of the dwelling unit, showing name/occupation only, no larger than a square foot in area.

b) **APPLICATION PROCEDURE:** Those individuals that meet these requirements shall make application to the Department of Planning. The Department of Planning may grant or

reject the permit.

If the applicant does not meet all of requirements in Section 4-11-4(a) (i) through (viii) they may apply for a Conditional Use Home Occupation permit through the Board of Adjustment with an application providing the following:

- (i) Where will such use be conducted?
- (ii) How many employees are proposed?
- (iii) Will this use change the residential character of the neighborhood? If not, why?
- (iv) What is the percentage of the gross square footage of the area to be used for such?
- (v) Will there be exterior storage, if so please describe.
- (vi) Will there be any of the following:
 - offensive noise;
 - vibration;
 - smoke;
 - dust;
 - odors; or
 - heat or glare noticeable at or near the property line.
- (vii) What is the expected traffic for the home occupation?
- (viii) Will there be a sign, please give location and dimensions of the sign.
- (ix) What other issues exist with this proposed home occupation?

Home Occupations and home businesses may be reviewed and inspected by the City building inspector at any time to insure compliance. If three or more written complaints, from property owners within 400', are filed with the Department of Planning, a public hearing before the Board of Adjustment shall be required to determine the continuance of a home occupation or home business. Any expansion or alteration of existing uses must come before the Board of Adjustment for approval. The Board of Adjustment can grant or reject all applications.

4-11-5. General Requirements - Temporary Dwellings. - No vehicle, accessory building, or temporary structure shall be used for sleeping, eating or preparing of food for a period exceeding 48 hours. This section shall not apply within approved camper or trailer courts or campgrounds.

4-11-6. General Requirements - Access. - All dwellings shall be located on lots with frontage on public streets, alleys that do not dead end within the block and shall have direct access from the streets suitable for servicing, fire protection and off-street parking.

200,000	2.55 percent
300,000	2.35 percent
400,000	2.20 percent
500,000	2.10 percent
600,000	2.05 percent
700,000	2.00 percent
800,000	1.95 percent
900,000	1.90 percent
1,000,000	1.85 percent
2,000,000	1.70 percent
3,000,000	1.65 percent
5,000,000	1.60 percent

Compensation may be negotiated on a lump sum basis for all projects costing \$50,000 or less.

Interpolation on a straight line-basis shall be used to determine the fee percentage for a net construction cost between the values listed above.

4-11-14 General Requirements - New and Modified Commercial Communication Towers and Antennas - Conditions for New and Modified Commercial Communication Tower/Antenna Placement - A new or modified communication tower and/or antenna may be permitted upon application to the Board of Adjustment and upon determination that all of the following conditions are met, as well as the conditions of City Code Section 4-6-1.

- (a) Permitted Height - Commercial Communications Towers and Antennas, antenna and all related facilities mounted on buildings, water tanks or other structures including free-standing or guyed communications Commercial Communications Towers and Antennas must not extend more than 100 feet from the surface of the ground.
- (b) Specifications - Submission of one copy of typical specifications for proposed structures and antenna, including description of design characteristics and

material. All tower designs must be certified by an engineer licensed to practice in the State of Wyoming to be structurally sound and at a minimum, in conformance with the City's building code, and any other standard outline in this article.

- (c) Site Plan - Submission of a site plan drawn to scale showing property boundaries, tower location, tower height, guy wires and anchors, existing structures, elevation drawings depicting typical design of proposed structures, parking, fences, landscape plan and existing land uses on adjacent property.
- (d) Tower Location Map - Submission of a current map, or update for an existing map on file, showing locations of applicant's antenna, facilities, existing Commercial Communications Towers and Antennas, and proposed Commercial Communications Towers and Antennas which are reflected in public records, serving any property within the city.
- (e) Antenna Capacity/Wind Load - Submission of a report from a structural engineer registered in Wyoming that shows the tower antenna capacity by type and number and certification that the tower is designed to withstand winds in accordance with ANSI/EIA/TIA 222 (latest version) standards.
- (f) Antenna Dimensions:
 - (1) Omni-Directional (whip) antennas and their supports must not exceed 15' in height and 3" in diameter and must be constructed of a material or color which matches the exterior of the building.
 - (2) Directional or Panel antennas and their supports must not exceed 8' in height or 2.5' in width and must be constructed of materials and coloration which achieves maximum compatibility and minimum visibility.
 - (3) Satellite and microwave dish antennas located below sixty-five (65) feet above the ground may not exceed six (6) feet in diameter. Satellite and dish antennas located sixty-five (65) feet and higher above the ground may not exceed eight (8) feet in diameter.
- (g) Antenna Owners – The applicant shall show identification of the owners of all antenna and equipment to be located at the site as of the date of application. A copy will be on file at City Hall and must be updated with each additional participant or change of ownership.
- (h) Owner Authorization - Written authorization from the site owner for the applications.
- (i) FCC License - A copy of a valid FCC license for the proposed activity, or proof that the applicant is the winning bidder for an FCC license at auction and that the final issuance of the FCC license purchased at auction is pending.
- (j) Removal Agreement - A written agreement to remove the tower and/or antenna within 180 days of cessation of use along with a performance bond in an amount equal to the estimated removal costs. The performance bond shall be adjusted yearly for cost of living increases according to the Bureau of the Census Cost of Living.
- (k) Need for Location - Applicant must show that the proposed antenna and equipment could not be placed on a pre-existing facility and function under

applicable regulatory and design requirements without unreasonable modification.

A permit for a proposed tower within 1,000 feet of an existing tower will not be granted unless the applicant certifies that the existing tower does not meet the applicant's structural specifications or technical requirements, or that a co-location agreement could not be obtained at commercially reasonable terms and conditions, including price.

- (m) Design for Multiple Use - Applicant must show that a new tower is designed to accommodate the applicant's potential future needs, to the extent that those future needs may be determined at the time of application.
- (n) Safety Codes –All City of Lander building and safety codes must be met and the site will be inspected upon completion by the city of Lander Building Inspector.
- (n) Aesthetics: Commercial Communication Towers and Antennas shall meet the following requirements:

 - (3) Alternative tower structure to include man-made trees, towers, bell steeples, light poles and similar alternative-design mounting structures that camouflage or conceal the presence of antennas or towers are desirable. When camouflaging is not feasible selection shall include materials, colors, textures, screening and or landscaping that will blend towers into the natural setting and surrounding structures.
- (o) Fencing - An eight (8) foot fence or wall constructed for safety and to shield against vandalism, shall be required around the base of any tower or antenna.
- (p) Annual Registration Requirement - To enable the City of Lander to insure safety requirements of commercial communication towers and antennas with the City limits, on an annual basis, no later than June 30 each year, the owner/operator shall submit documentation to the City Clerk's office providing:
 - (1) Certification in writing that the commercial communication tower/antenna conforms to the requirements of the Uniform Building Code and all other construction standards set for by the City Code, federal and state law by filing a sworn and certified statement by an engineer, certified in Wyoming, to that effect. The commercial communication tower/antenna owner/operator may be required by the City to submit more frequent certification should there be reason to believe that the structural and electrical integrity of the tower/antenna is jeopardized. The City reserves the right upon reasonable notice to the owner/operator of the tower/antenna to conduct inspections for the purpose of determining whether the tower/antenna facility complies with the City of Lander adopted building and safety codes and all other construction standards provided by local, state and federal laws.

- (2) The name, address and telephone number of any new owner, if there has been a change of ownership of the tower/antenna.
- (3) The name, address and telephone number of the operator.

4-12-1. District Regulations - Agricultural District (A). -

- (a) Intent. This district is intended to provide for a compatible mixture of single family residential dwellings and agricultural uses at a density slightly lower than that for single family districts alone, plus accessory public and semi-public uses offering services to the surrounding areas. This zone encourages animal husbandry, viniculture, horticulture, aquaculture and family or small commercial farming. Such areas will by nature be on the outer fringes of the City.
- (b) Permitted Uses. The following uses may be operated as permitted uses in the district:
 - (i) single family detached dwellings;
 - (ii) mobile homes;
 - (iii) agricultural (shall include horticultural uses, nurseries and the production of crops and livestock).
- (c) Permitted Accessory Uses: Any use which complies with all of the following conditions may be operated as an accessory use:
 - (i) is clearly incidental and customary to and commonly associated with the operation of the permitted use;
 - (ii) is operated and maintained under the same ownership and on the same lot as the permitted use;
 - (iii) does not include structures or structural features inconsistent with the permitted use;
 - (iv) to include one secondary residential unit;
 - (v) if operated wholly or partly within a structure containing the permitted use, the gross floor area utilized by the accessory use shall not exceed 30% of the gross floor area of the permitted use;
- (d) Minimum area of lot: 1 acre.
- (e) Minimum width of lot: 100 feet.
- (f) Minimum setback requirements for structures:
 - (i) front yard: 33 feet;
 - (ii) side yard: 12 feet;
 - (iii) rear yard: 20 feet;
 - (iv) side yard on flanking street or corner lot: 28 feet;
 - (v) When a lot or parcel of ground in the district adjoins a residential

district, the setback requirements that apply to the yard area of that residential district shall be required.

- (g) Maximum Number of single family or mobile homes per lot: one per lot.
Maximum number of agricultural buildings: three per acre.
- (h) Maximum Height of Structures: 30 feet.

4-12-2. District Regulations - Single Family Residential District (R-1). -

- (a) Intent. This district is intended to be applied to lands which are suitable for low density residential development within the existing community. The district also allows uses which are compatible with and provide support to a low density residential environment.

 - (iii) home occupation;
- (d) Permitted Accessory Uses. Any use which complies with all of the conditions set forth under Section 4-11-8 may be operated as an accessory use to a permitted use.
- (e) Minimum District Area: five acres.
- (f) Maximum Density (mobile home park or court): seven units per acre.
- (g) Minimum Area of Lot:
 - (i) for each mobile home in a mobile home court or park, there shall be provided a minimum land area of 4,000 square feet exclusive of public streets, rights-of-ways or private street easements;
 - (ii) for any single-family dwelling operated as a permitted accessory use to a mobile home court or park, there shall be provided and maintained or separately designated a minimum land area of 6,000 square feet; and
 - (iii) for each mobile home in a mobile home subdivision there shall be provided and maintained a separately designated zone lot of 6,000 square feet.
- (h) Minimum Width of Lot: 50 feet.
- (i) Minimum Setback Requirements for Principle Structures:
 - (i) front yard: 18 feet;
 - (ii) side yard:
 - (1) for the main entry side of a mobile home unit: 15 feet;
 - (2) for the non-entry side of a mobile home unit: 10 feet;
 - (iii) rear yard: 10 feet;
 - (iv) side yard of flanking street on corner lot: 23 feet;
 - (v) encroachment into the front yard setback and any side yard flanking street setbacks to within 18 feet of the curb line is permitted for use of a covered or uncovered porch or deck structure. That portion of the porch or deck structure within the setback area shall not be enclosed and in no case shall it be allowed beyond the property line.

- (j) Maximum Height of Principle Structures: 35 feet.
- (k) Maximum Lot Coverage:
 - (i) mobile home: 40%;
 - (ii) accessory single family dwelling: 45%.
- (l) Street Standards:
 - (i) Where the individual mobile home units in a mobile home district are served by dedicated public streets, those public streets shall be platted and constructed according to the applicable street standards of the City of Lander.
 - (ii) Where individual mobile home units are served by a private street system, those streets shall:
 - (1) provide a driving surface of 24 feet with an easement of 40 feet;
 - (2) be provided with a four inch thick concrete sidewalk at least 42 inches wide on each side of all streets;
 - (3) be graded and well-drained;
 - (4) be accessible at all times to emergency vehicles;
 - (5) be maintained at all times by the owner and operator of the mobile home subdivision or by an established homeowner's association.
- (m) Utilities. Utility hookups shall be provided for each mobile home unit in a mobile home subdivision. These utilities shall include water, sewer, gas, electricity and telephone.
- (n) Securing and Skirting. Any accessory structures shall be securely fastened to the ground, at least at all four corners. Mobile homes, once in their permanent location upon the lot, shall be fully skirted.

4-12-6. District Regulations - Multi-Family Residential District (R-5). -

- (a) Intent. This district is intended to provide for a compatible mixture of single and multi-family dwellings at a density higher than that for single and two family districts alone, plus the accessory public and semi-private uses offering services to the surrounding area.
- (b) Permitted Uses. The following uses may be operated as permitted uses in the district:
 - (i) single family detached dwellings;
 - (ii) two-family dwellings;
 - (iii) multi-family dwellings;
 - (iv) churches;
 - (v) public or private elementary or secondary schools;
 - (vi) public park, playground and other public recreational facilities;
 - (v) office space for a single user;
 - (vi) family day care home;
 - (vii) professional buildings;

- (c) Conditional Uses:
 - (i) family day care center;
 - (ii) child day care center;
 - (iii) group foster home;
 - (iv) clinics and nursing homes;
 - (v) motels;
 - (vi) related uses of a similar type;
 - (vii) recreational vehicle and campground district;
(see district regulations 4-14-1.)
 - (viii) home occupation.
 - (ix) bed and breakfast;
 - (x) restaurant;
 - (xi) civic or community center;

- (d) Restrictions on use - Uses shall be subject to the following restrictions and limitations to preserve and enhance desirable neighborhood qualities:
 - (i) Multiple Uses. Any number of permitted uses may be allowed on a single lot/development pad provided the specific use of some lots/development pads or buildings may be limited based on access, parking limitations, or potential impacts to adjacent residential uses.
 - (ii) Storage Uses. Storage shall be limited to accessory storage of commodities sold at retail on the premises. All storage shall be completely enclosed within a building unless otherwise approved by the planning commission. No commercial storage facility will be allowed.
 - (iv) Walls/Fences Between Use Districts. A six-foot-high solid wall/fence or other approved buffer shall be constructed and maintained on all property lines which abut a residential use or zone district unless the property is separated from the residential use or zone district by a public road or alley. Walls or fences may be required to be set back from streets and alleys so as not to obstruct views.
 - (v) Hours of Operation. No business shall be open to the public between the hours of ten p.m. and seven a.m. without a conditional use permit.
 - (vi) Uses in Buildings. All uses shall be operated primarily within an enclosed building. Limited seasonal outdoor displays and sales may be permitted if approved in the site plan review or by the Planning Commission.
 - (vii) Loading Areas Screened. All loading areas shall be screened from public view or from view from any adjacent residential use or zone district by a maintained wall or screened fence not to exceed ten feet in height.

- (e) Permitted Accessory Uses. Any use which complies with all of the conditions set forth under Section 4-11-8 may be operated as an accessory use to permitted use.

- (f) Minimum Area of Lot. The lot on which there is erected a detached single

family dwelling shall contain an area not less than 6,000 square feet. The lot on which there is erected a multi-family dwelling shall contain an area not less than 3,000 square feet per dwelling unit in excess of two units. All other permitted uses in the district shall contain an area not less than 5,000 square feet.

- (g) Minimum Width of Lot: 50 feet from front setback line.
- (h) Minimum Setback Requirements for Principle Structures:
 - (i) front yard: 12 feet;
 - (ii) side yard: 5 feet; except that there shall be no side yard set back for the common wall side yard of a two-family dwelling, where each living unit, and ½ the land upon which the two-family dwelling is located, are sold separately, provided that the following criteria are met on each family dwelling:
 - 1) all provisions of the Uniform Building Code and Uniform Fire Code are complied with, including but not limited to, an appropriate fire wall; and
 - 2) each family dwelling unit is served by a separate water and sewer line.
 - (iii) rear yard: 10 feet or 20% of lot depth, whichever is smaller;
 - (iv) side yard on flanking street on corner lot: 12 feet; (City Code Section 4-11-9 must also be met)
 - (i) Maximum Number of Structures Containing Permitted Use per Lot: **two per lot or as otherwise provided herein.**
 - (j) Maximum Height of Principle Structures: Three stories, not to exceed 40 feet.
 - (k) Maximum Lot Coverage: 60%.

4-12-7. District Regulations - Single Family, Multi-Family Residential and Medical Services District (R-MED). -

- (a) Intent. This district is intended to provide a compatible mixture of single and multi-family dwellings and general medical services at a density slightly higher than for single family districts alone, plus accessory public and semi-public uses offering services to the surrounding area.
- (b) Permitted Uses. The following uses may be operated as permitted uses in the district:
 - (i) single family detached dwelling;
 - (ii) two-family dwellings;
 - (iii) multi-family dwellings (up to four units);
 - (iv) churches;
 - (v) public or private elementary and secondary schools;
 - (vi) public park, playground and other public recreational facilities;
 - (vii) assisted living facility. (*Section 4-12-8(b) amended Ordinance 895*)

effective 4-12-93)

- (c) Conditional Uses:
 - (i) family day care home;
 - (ii) group day care home;
 - (iii) group day care center;
 - (iv) group foster home;
 - (v) medical clinics*;
 - (vi) hospitals*;
 - (vii) nursing homes*;
 - (viii) offices and office buildings;
 - (iv) home occupation.

*If this use encompasses two (2) buildings or more on one (1) lot or is housed in one (1) building having an area of twenty thousand (20,000) square feet or more, it shall only be reviewed by the Planning Commission through the Development Plan process as outlined under Section 4-11-11 of this ordinance. (*Section 4-12-8(c) amended by Ordinance 887 effective 11-30-92*)

- (d) Permitted Accessory Uses. Any use which complies with all of the conditions set forth under Section 4-11-8 may be operated as an accessory use to a permitted use.
- (e) Minimum Area of Lot. The lot on which there is erected a detached single family dwelling, family or group day care home, day care center, foster or group home or medical clinics and all other permitted uses shall contain an area of not less than 6,000 square feet. The lot on which there is erected a multi-family dwelling shall contain an area not less than 4,000 square feet for each of the first two units, plus 3,000 square feet for each additional unit.
- (f) Minimum Width of Lot: 50 feet front setback line.
- (g) Minimum Setback Requirements for Principal Structures:
 - (i) front yard: 28 feet;
 - (ii) side yard: 10 feet;
 - (iii) rear yard: 20 feet or 20% of lot depth, whichever is smaller;
 - (iv) side yard on flanking street or corner lot: 23 feet.
- (h) Maximum Number of Structures Containing Permitted Use Per Lot: one per lot or as otherwise provided herein.
- (i) Maximum Height of Principle Structures: 30 feet.
- (j) Maximum Lot Coverage:
 - (i) detached single family dwelling, family or group day care home,

- group day care center or group foster home, medical clinics: 40%.
- (ii) multi-family dwellings, all other permitted uses in the district: 50%.

4-12-8. District Regulations - General Commercial District (C). -

- (a) Intent. This district is intended to provide locations for all retail, commercial, institutional and office uses necessary for a community.
- (b) Permitted Uses. The following uses may be operated as permitted uses in the district:
 - (i) small business machine sales, repair and service;
 - (ii) amusement place (not to include adult rated book store or uses of similar type);
 - (iii) antique shop and store, providing all merchandise is displayed and sold inside a building;
 - (iv) apparel and accessory store;
 - (v) art and art supply stores;
 - (vi) auditorium and similar places of public assembly;
 - (vii) automobile and mobile home sales, service and repair, new and used;
 - (viii) auto supply store;
 - (ix) banks and other savings and lending institutions;
 - (x) barber and beauty shops;
 - (xi) bicycle shop;
 - (xii) books and stationery store;
 - (xiii) business and technical school and school for photography, music and dancing;
 - (xiv) carpenter and cabinet shop;
 - (xv) church and parish house;
 - (xvi) cigar and tobacco store;
 - (xvii) clothing and costume rental;
 - (xviii) commercial recreation use;
 - (xix) commercial storage facilities;
 - (xx) custom dressmaking, furrier, millinery, or tailor shop;
 - (xxi) delicatessen and catering establishment;
 - (xxii) department store;
 - (xxiii) drug store and prescription shop;
 - (xxiv) dry good and notion store;
 - (xxv) dry cleaning and laundry establishment,;
 - (xxvi) electric repair shop (household appliances);
 - (xxvii) fire station, police station and jail;
 - (xxviii) fix-it shop (radio, television, and small household appliances repair);
 - (xxix) florist and gift shop;
 - (xxx) furniture and home furnishing store;
 - (xxxi) garden shop;
 - (xxxii) garage (public and private);

- (xxxiii) gasoline filling station;
- (xxxiv) greenhouse and nursery (place where young trees or other plants are raised for experimental purposes for transplanting, or for sale);
- (xxxv) grocery store (including retail meat markets and produce stores);
- (xxxvi) hardware store;
- (xxxvii) hobby, stamp and coin store;
- (xxxviii) hotel and motel;
- (xxxix) household appliance store;
- (xl) implement sales and service;
- (xli) interior decorator's shop;
- (xlii) jewelry and metal craft store;
- (xliii) leather goods and luggage store;
- (xliv) library and museum;
- (xlv) lock and key shop;
- (xlvi) lumber yard;
- (xlvii) mail order catalog store;
- (xlviii) medical, dental and health clinic;
- (xlix) medical and orthopedic appliance store;
- (l) messenger or telegraph service station;
- (li) mortuary;
- (lii) music instrument sales and repair shop;
- (liii) music studio, radio and television store;
- (lix) newspaper office;
- (lx) newsstand;
- (lxi) offices and office building;
- (lxii) office supply and office equipment store;

- (xcv) vocational school;
- (xcvi) wallpaper store and shop;
- (xcvii) watch repair shop;
- (xcviii) wholesale establishment;
- (xcix) essential public utility and public service installation;

- (c) related uses of similar type as determined by the Department of Planning;
- (d) Minimum Area of Lot: None
- (e) Minimum Width of Lot: 30 feet on public street
- (f) Minimum Setback Requirements for Principal Structures:
 - (i) front yard: 8 feet;
 - (ii) side yard on flanking street on corner lot: 8 feet.
 - (iii) When a lot or parcel of ground in the district adjoins a residential district, the setback requirements that apply to the yard area of the residential district shall be required, otherwise no setbacks would be required.
 - (iv) When a parcel of ground or lot adjoins a residential district at the rear yard, a six foot high solid wall/fence or other approved buffer shall be required.
- (h) Maximum Height of Buildings: 45 feet
- (i) Conditional Uses:
 - (i) Recreational vehicle and campground district (see district regulations 4-14-01);
 - (ii) gaming (subject to the mandatory conditions et forth in 4-16-1; and the off-street parking requirement of 4-11-10(c);
 - (iii) commercial communications towers and antennas;
 - (iv) family day care home;
 - (v) family day care center;
 - (vi) child day care center.

4-12-9. District Regulations - Manufacturing and Light Industrial District (M-1)

(a) Intent. This district is intended to allow a compatible mixture of light industrial uses which do not require intensive land coverage, generate large volumes of traffic or create obnoxious sounds, glare, dust or odors. District regulations insure compatibility with adjacent or nearby residential areas.

(b) Permitted Uses. The following uses may be operated as permitted uses in this district:

- (i) airport;
- (ii) animal hospital, providing it is completely enclosed in a building;
- (iii) assembly or fabrication from component parts or from materials already processed or manufactured into their final usable state;
- (iv) armory;
- (v) automobile repair;
- (vi) bottling plant;
- (vii) building material storage or sales (except for ready-mix concrete);
- (viii) carpenter, cabinet, plumbing or sheet metal shop;
- (ix) contractor's yard for vehicles, equipment and supplies;
- (x) dry cleaning or laundry plant;
- (xi) fire station;
- (xii) frozen food locker;
- (xiii) grain and feed mill;
- (xiv) grain elevator;
- (xv) greenhouse and plant husbandry;
- (xvi) laboratory;
- (xvii) machinery and implement sales, service and repair;
- (xviii) monument making and sales;
- (xix) motor vehicle sales, service, repair and storage;
- (xx) oil field supply sales and storage;
- (xxi) office;
- (xxii) police station;
- (xxiii) printing and publishing;
- (xxiv) parking or storage of vehicles, towing yards not to include crushing and dismantling;
- (xxv) radio or television transmitting station;
- (xxvi) railway right-of-way;
- (xxxv) (xxvii) restaurant;
- (xxxvi) storage of used material, auto wrecking, salvage, paper, scrap, bottles or rags;
- (xxviii) truck or rail terminal;
- (xxix) upholstering shop;
- (xxx) veterinarian clinic;
- (xxxix) vocational or training school;

- (xxxii) warehousing or storage;
- (xxxiii) welding shop;
- (xxxiv) wholesaling;
- (xxxvii) public utility and public service installation.
- (xxxviii) single Family Dwelling lived in by the owner, caretaker or watchman.

(c) Conditional Uses.

- (i) Commercial Communications Towers and Antennas
- (ii) Any other manufacturing or industrial use judged by the Board of Adjustment to be no more detrimental to adjacent properties than any of the same type and character as the permitted uses listed above.

(d) Permitted Accessory Uses. Any use which complies with all of the conditions set forth under Section 4-11-8 may be operated as an accessory use to a permitted use;

- (e) Minimum Area of Lot: None.
- (f) Minimum Width of Lot: None.
- (g) Minimum Setback Requirements: when a parcel of ground or lot adjoins a residential district an eight foot high solid fence or other approved buffer shall be required.
- (h) Maximum Height of Structures: None.
- (i) Maximum Number of Structures Containing Permitted Use Per Lot: **None**

4-12-10. District Regulations - Public Land District (P-L). -

(a) Intent. This district is intended to provide for the proper location of necessary public utilities, facilities and activities both for the existing and future urban area.

(b) Permitted Uses. The following uses may be operated as permitted uses in the district:

- (i) essential public utility and public service installation;
- (ii) governmental buildings;
- (iii) public schools;
- (ii) public parks;
- (iii) Hospice Center;
- (iv) Airport.

(c) Conditional Use.

- (i) Commercial Communications Towers and Antennas
- (i) Any other public facility or activity judged by the Board of Adjustment to be in harmony with the intent of the district.
- (ii) family day care home;
- (iii) family day care center;
- (iv) child day care center;
- (v) Assisted living facility

(d) Accessory Use. Any use which complies with all of the conditions set forth under Section 4-11-8 may be operated as an accessory use to a permitted use.

- (e) Minimum Area of Lot: None.
- (f) Minimum Width of Lot: None.
- (g) Minimum Setback Requirements for Principal Structures:
 - (i) front yard: 8 feet;
 - (ii) side yard on flanking street on corner lot: 8 feet.
 - (iii) When a lot or parcel of ground in the district adjoins a residential district, the setback requirements that apply to the yard area of the residential district shall be required, otherwise no setbacks would be required.
 - (v) When a parcel of ground or lot adjoins a residential district at the rear yard, an eight foot high solid fence or other approved buffer shall be required.
- (h) Maximum Height of Principle Structures: None.
- (i) Maximum Number of Structures Containing Permitted Use Per Lot: None.

4-12-11 Regulating and Restricting the Height of Structures and Objects in the Vicinity of Hunt Field Airport -

- (a) Intent. This Ordinance is adopted pursuant to the authority conferred upon the City by Section 10-5-301, Wyoming Statutes, 1977, as amended. It is hereby found that an airport hazard endangers the lives and property of users of Hunt Field Airport, a Municipal airport, and property or occupants of land in its vicinity, and also if the obstruction type, in effect reduces the size of the area available for the landing, takeoff, and maneuvering of aircraft, thus tending to destroy or impair the utility of the Hunt Field Airport and the public investment therein, and,

WHEREAS, it is hereby declared:

- (i) that the creation or establishment of an airport hazard is a public nuisance and an injury to the region served by Hunt Field Airport.
- (ii) that it is necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and
- (iii) that the prevention of these hazards should be accomplished, to the extent legally possible, by the exercise of the police power without compensation.
- (iv) that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivision may raise and expend public funds and acquire land or interest in land.
- (b) Definitions - As used in this ordinance, unless the context otherwise requires:
 - (i) Airport - Hunt Field Airport, a Lander Municipal airport.
 - (ii) Airport elevation - The highest point of an airport's usable landing area measured in feet from mean sea level.
 - (iii) Airport hazard - Any structure or object of natural growth located on or in

the vicinity of a public airport, or any use of land near such airport, which obstructs the airspace required for the flight of aircraft in landing or takeoff at such airport or is otherwise hazardous to such landing or takeoff of aircraft.

(iv) Structure - An object constructed or installed by man, including, but without limitation, buildings, towers, smokestacks, earth formations, and overhead transmission lines.

(v) Tree - Any object of natural growth.

(vi) Nonconforming use - Any pre-existing structure, object of natural growth, or use of land which is inconsistent with the provisions of this ordinance or an amendment thereto.

(vii) Height - For the purpose of determining the height limits in all zones set forth in this ordinance and shown on the zoning map, the datum shall be mean sea level elevation unless otherwise specified.

(viii) Person - An individual, firm, partnership, corporation, company, association, joint stock association, or governmental entity. It includes a trustee, receiver, assignee, or similar representative of any of them.

(ix) Board of Adjustment - Shall mean, for purposes of this ordinance only, the Lander Airport Commission as established by Lander City Code Section 12-3-2.

(x) Runway - A defined area on an airport prepared for landing and takeoff of aircraft along its length.

(xi) Visual runway - A runway intended solely for the operation of aircraft using visual approach procedures with no straight-in instrument approach procedure and no instrument designation indicated on an FAA-approved airport layout plan, a military service's-approved military airport layout plan, or by any planning document submitted to the FAA by competent authority.

(xii) Utility runway - A runway that is constructed for and intended to be used by propeller driven aircraft of 12,500 pounds maximum gross weight and less.

(xiii) Non-precision instrument runway - A runway having an existing instrument approach procedure utilizing air navigation facilities with only horizontal guidance, or area type navigation equipment, for which a straight-in non-precision instrument approach procedure has been approved or planned, and for which no precision approach facilities are planned or indicated on an FAA planning document or military service's military airport planning document.

(xiv) Primary surface - A surface longitudinally centered on a runway. When the runway has a specially prepared hard surface, the primary surface extends 200 feet beyond each end of that runway; but when the runway has no specially prepared hard surface, or planned hard surface, the primary surface ends at each end of that runway. The width of the primary surface of a runway will be that width prescribed in Part 77 of the Federal Aviation Regulations (FAR) for the most precise approach existing or planned for either end of that runway. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline.

(xv) Public Works Director - The person appointed as the Public Works Director for the City of Lander, Wyoming.

(xvi) City - The City of Lander, Wyoming.

(xvii) Approach, transitional, horizontal, and conical zones - These zones apply to the area under the approach, transitional, horizontal, and conical surfaces defined in FAR Part 77.

(c) Airport Zones - In order to carry out the provisions of this ordinance, there are hereby created and established certain zones which include all of the land lying within the approach zones, transitional zones, horizontal zones, and conical zones as they apply to Hunt Field Airport. Such zones are shown within the Lander Municipal Airport Layout Plan consisting of eight (8) sheets, prepared by James Gores and Associates, which is on file at the Lander City Hall. An area located in more than one (1) of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:

(i) Utility runway visual approach zone - The inner edge of this approach zone coincides with the width of the primary surface and is 250 feet wide. The approach zone expands outward uniformly to a width of 1,250 feet at a horizontal distance of 5,000 feet from the primary surface. Its centerline being the continuation of the centerline of the runway.

(ii) Runway larger than utility with a visibility minimum as low as 3/4 mile non-precision instrument approach zone - The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 4,000 feet at a horizontal distance of 10,000 feet from the primary surface. Its centerline being the continuation of the centerline of the runway.

(iii) Transitional zones - These zones are hereby established as the area beneath the transitional surfaces. These surfaces extend outward and upward at 90-degree angles to the runway centerline and the runway centerline extended at a slope of seven (7) feet horizontally for each foot vertically from the sides of the primary and approach surfaces to where they intersect the horizontal and conical surfaces. Transitional zones for those portions of the precision approach zones which project through and beyond the limits of the conical surface, extend a distance of 5,000 feet measured horizontally from the edge of the approach zones and at 90-degree angles to the extended runway centerline.

(iv) Horizontal zone - The horizontal zone is hereby established by swinging arcs of 10,000 feet radii from the center of each end of the primary surface of each runway, and connecting the adjacent arcs by drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.

(v) Conical zone - The conical zone is hereby established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet. The conical zone does not include the precision instrument approach zones and the transitional zones.

(d) Height Limitations - Except as otherwise provided in this ordinance, no structure or tree shall be erected, altered, allowed to grow, or be maintained in any zone created by this ordinance to a height in excess of the applicable height limit herein established for such zone. Such applicable height limitations are hereby established for each of the zones in question as

follows:

(i) Utility runway visual approach zone - Slopes upward twenty (20) feet horizontally for each foot vertically, beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

(ii) Runway larger than utility with a visibility minimum as low as 3/4 mile non-precision instrument approach zone - Slopes upward thirty-four (34) feet horizontally for each foot vertically beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 10,000 feet along the extended runway centerline.

(iii) Transitional zones - Slopes upward and outward seven (7) feet horizontally for each foot vertically beginning at the sides of and at the same elevation as the primary surface and the approach zones, and extending to a height of 150 feet above the airport elevation which is 5,586 feet above mean sea level. In addition to the foregoing, there are established height limits sloping upward and outward seven (7) feet horizontally for each foot vertically beginning at the sides of and at the same elevation as the approach zones, and extending to where they intersect the conical surface. Where the precision instrument runway approach zone projects beyond the conical zone, height limits sloping upward and outward seven (7) feet horizontally for each foot vertically shall be maintained beginning at the sides of and at the same elevation as precision instrument runway approach surface, and extending to a horizontal distance of 5,000 feet measured at 90-degree angles to the extended runway centerline.

(iv) Horizontal zone - One hundred and fifty (150) feet above the airport elevation or a height of 5,736 feet above mean sea level.

(v) Conical zone - Slopes upward and outward twenty (20) feet horizontally for each foot vertically beginning at the periphery of the horizontal zone and at one hundred and fifty (150) feet above the airport elevation and extending to a height of 350 feet above the airport elevation.

(vi) Excepted height limitations - Nothing in this ordinance shall be construed as prohibiting the growth, construction, or maintenance of any tree or structure to a height which is not in conflict with any other provision of this ordinance.

Where an area is covered by more than one (1) height limitation, the more restrictive limitation shall prevail.

(e) Use Limitations - Notwithstanding any other provisions of this ordinance, no use may be made of land or water within any zone established by this ordinance in such a manner as to create electrical interference with navigational signals or radio communication between the airport and aircraft, make it difficult for pilots to distinguish between airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport or otherwise in any way create a hazard or endanger the landing, takeoff, or maneuvering of aircraft intending to use the airport.

(f) Nonconforming Uses -

(i) Regulations not retroactive - The regulations prescribed by this ordinance shall not be construed to require the removal, lowering, or other changes or alteration of any structure or tree not conforming to the regulations as of the effective date of this ordinance, or otherwise interfere with the continuance of a nonconforming use. Nothing contained herein shall require any change in the construction, alteration, or intended use of any structure, the construction or alteration of which was begun prior to the effective date of this ordinance, and is diligently prosecuted.

(ii) Marking and lighting - Notwithstanding the preceding provision of this section, the owner of any existing nonconforming structure or tree is hereby required to permit the installation, operation, and maintenance thereon of such markers and lights as shall be deemed necessary by the Public Works Director to indicate to the operators of aircraft in the vicinity of the airport, the presence of such airport hazards. Such markers and lights shall be installed, operated, and maintained at the expense of the city.

(g) Permits -

(i) Future uses - No material change shall be made in the use of land and no structure or tree shall be erected, altered, planted, or otherwise established in any zone hereby created unless a permit thereof shall have been applied for and granted.

(a) However, a permit for a tree or structure of not less than seventy-five (75) feet of vertical height above the ground shall not be required in the horizontal and conical zones or in any approach and transitional zones beyond a horizontal distance of 4,200 feet from each end of the runway except when such tree or structure, because of terrain, land contour, or topographic features, would extend above the height limit prescribed for the respective zone.

(b) Each application for a permit shall indicate the purpose for which the permit is desired with sufficient particulars to determine whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted.

(ii) Exiting uses - No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of this ordinance or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

(iii) Nonconforming uses abandoned or destroyed - Whenever the City Public Works Director determines that a nonconforming tree or structure has been abandoned or more than 80 percent torn down, physically deteriorated, or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.

(iv) Variances - Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use his property not in accordance with the regulations prescribed in this ordinance, may apply to the Board of Adjustment for a variance from such regulations. Such variances shall be allowed where it is duly found that a literal application or enforcement of the regulations would result in practical

difficulty or unnecessary hardship and relief granted would not be contrary to the public interest but will do substantial justice and be in accordance with the spirit of this ordinance.

(v) Hazard marking and lighting - Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this ordinance and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the city, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to pilots the presence of an airport hazard.

(h) Enforcement - It shall be the duty of the Public Works Director to administer and enforce the regulations prescribed herein. Applications for permits and variances shall be made to the Lander Airport Commission upon a form furnished by the City. Applications required by this ordinance to be submitted to the Lander Airport Commission shall be promptly considered and granted or denied by them. Application for action by the Board of Adjustment shall be forthwith transmitted by the Public Works Director.

(i) Appeals -

(i) Any person aggrieved, or any taxpayer affected, by any decision of the Public Works Director made in his/her administration of this ordinance, may appeal to the Board of Adjustment.

(ii) All appeals hereunder must be taken within thirty (30) days of the decision of the Public Works Director, by filing with the Public Works Director a notice of appeal specifying the grounds thereof. The Public Works Director shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken.

(iii) An appeal shall stay all proceedings in furtherance of the action appealed from unless the Public Works Director certifies to the Board of Adjustment, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in his/her opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed except by order of the Board of Adjustment on notice to the Public Works Director, and on due cause shown.

(iv) The Board of Adjustment shall fix a reasonable time for hearing appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney.

(v) The Board of Adjustment may, in conformity with the provision of this ordinance, reverse or affirm, in whole or in part, or modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination, as may be appropriate under the circumstances.

(j) Penalties - Each violation of this ordinance or of any regulation, order, or ruling promulgated hereunder shall constitute a misdemeanor and be punishable by a fine of not more than \$750.00 or imprisonment for not more than six (6) months or both; and each day a violation

continues to exist shall constitute a separate offense.

(k) **Conflicting Regulations** - Where there exists a conflict between any of the regulations or limitations prescribed in this ordinance and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

(l) **Severability** - If any of the provisions of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

4-13-1. District Regulations - Recreational Vehicle and Campground District. -

(a) **Intent.** These regulations are intended to allow for development of R.V. parks and campgrounds in a planned environment.

(b) **Maximum Density:** 12 units per acre.

(c) When an R.V. park adjoins a residential district at the rear or side yard, the setback at that rear or side yard shall be 23 feet and a six (6) foot high solid fence shall be placed at the property line or approved buffer shall be required.

(d) **Streets:** Individual units within a R.V. park or campground are to be served by a private street system, those streets shall:

(i) provide an approved all weather surface of 24 feet consisting of soil cement, asphalt, concrete or other approved surface within an easement of 40 feet; and

(ii) be maintained at all times by the owner and operator of the R.V. park or campground.

(e) **Parking:** In addition to each R.V. or tent space, an off street parking space shall be provided for each unit.

(f) **Standards of Operation:**

(i) R.V. parks and campgrounds shall not be used as permanent residences except for the owner, operator or permanent full-time maintenance personnel. A permanent residence shall not be construed to be a mobile home, recreational vehicle or temporary structure.

(ii) the entire state of the R.V. park and campground must be constructed and maintained to be graded and well drained. All areas of the R.V. park to campground shall have a form of ground cover designed to prevent erosion and blowing of dust. A minimum 1.2 trees per unit shall be required. Twenty percent of the trees may be consolidated in common areas with the remainder dispersed among the campsites.

(iii) generator use shall be limited to the hours of 7:00 a.m. to 10:00 p.m.

(iv) R.V. parks and campgrounds must comply with the Wyoming Department of Agriculture, Consumer Health Services Mobile Home Park and Campground regulations.
