**4-6-1. Conditional Uses. -**

- (a) Conditional uses are those that would not be appropriate in the designated area unless controlled as to number, area, and location, and include those set out in the Schedule of Zoning District provided by ordinance. Application for a conditional use permit shall be made to the Board of Adjustment and shall include any information the Board may require.
- (b) Public notice shall be given of all hearings. Public notice shall consist of one publication of a notice by the City in a newspaper of general circulation at least 15 days prior to the hearing and a public notice mailed to the property owners within 400 feet of the premises.
- (c) The conditional use permit shall be granted only if after the hearing, the Board finds that the use will be compatible with the character of the area and will not adversely affect the public interest.
- (d) The Board may subject conditional use permits to such conditions as it may deem necessary to preserve and protect the character of the area and the safety of the public. The subsequent violation of any condition shall be deemed a violation of this ordinance as well as grounds for revocation of the permit.
- (e) If the petition protesting the proposed use and signed by 40% or more of the property owners within 400 feet of the premises is presented to the Board before a decision is reached, then the permit shall not be granted without the affirmative vote of three-fourths of all the Board members or the unanimous vote of those attending the hearing.
